

FCS-2 High Speed Pack Collator-Stacker

FOOD PACKAGING AUTOMATION
JENTON *ariana*

The Jenton Ariana FCS-2 High Speed Stacker is the fastest automatic stacker of its type, achieving speeds of up to 180 packs per minute. The colour touchscreen/HMI makes the machine very easy to set for a large variety of pack sizes and stack heights, and all settings can be stored against a name.

The FCS-2 High Speed stacker is the ideal solution for end-of-line high speed collation where minimal operator intervention and reliability are critical.

Features

- Colour touchscreen/HMI for simple setup and use
- Independent infeed and outfeed conveyor heights
- Self tracking belts
- All stainless steel construction
- Easy access

Advantages

- High reliability stacking
- Continuous or Batched outfeed
- Very quick setup
- Up to IP67 protection
- High speed – up to 180 packs/minute

Operator Friendly H.M.I Touch Screen

Benefits

- High speed stacking with minimal operator interaction
- Suitable for a very large range of pack sizes
- Continuous or pulsed outfeed belt for easy product handling

“The Jenton Ariana FCS-2 High Speed stacker is the most versatile and cost-effective machine in its class”
